5. We will handle every one of your employee's belongings as if it were our own.

Moving you forward.

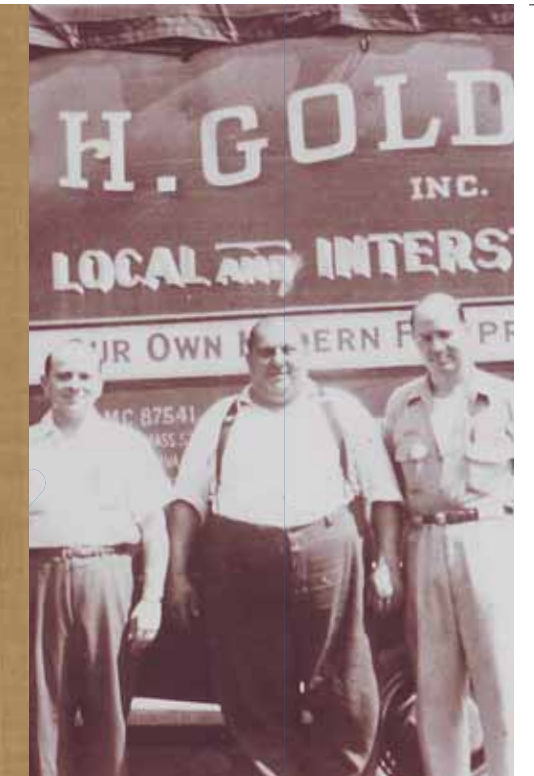

Getting key people within your organization to where they can be most effective is important. Just as important is finding a way to do it that minimizes the downtime and headaches associated with corporate relocations. At Humboldt, we have a deep understanding of the factors that can cause such stress and the ability to ensure you and your people can focus on what's important while leaving all of the details of the move to us. Whether across state or national borders, our primary goal is to make your next corporate relocation a stress-free experience for both you and your employee.

A proven partner for corporate relocations.

It all started over 100 years ago with a horse, a cart, and the unrelenting work ethic of Harris Goldman. His mission: deliver ice. But it wasn't long before he spotted the opportunity to help area families – who were moving on, moving up and moving in – transport their belongings. The rest is history.

Today, under Howard and D'Arcy Goldman – the family's third generation – Humboldt offers the industry's most experienced professional movers and support personnel, a state-of-the-art storage facility, strategic partner relationships that span the globe and a complete fleet of trucks and vans to handle virtually any size move. All of these factors enable us to reduce our client's stress throughout the entire moving process.

**We promise to work diligently
to add trust not stress to the
moving process.**

It's no coincidence that Humboldt has been in business for over 100 years. Our unique focus of reducing the stress of moving insures that you can rely on us to provide top-notch service.

**You will have all of the
information that you need from
us up front to budget your
relocation expenditures.**

When you contract with Humboldt you will have an array of competitive pricing options to choose from so you can select a plan that fits your company's needs.

Well trained. Well equipped. Well respected.

People are the heartbeat of any company. That's why having the right ones in the right places is critical to your organization's success. So when it's time to bring on a promising new talent from another town or to send a star employee across the country to take on greater responsibilities, ensuring that corporate relocation happens smoothly is one of your most important concerns.

As a leading agent for United Van Lines, America's largest mover, we assign a dedicated Move Coordinator to be your employee's single point of contact throughout the entire move. Their primary job is to understand your employee's specific needs and design and execute a domestic relocation plan that makes their lives and your's as easy as possible.

On moving day, our certified crews and fleet of modern equipment will make the relocation a relaxing experience. From furniture to electronics to art and collectables, Humboldt has the know-how to move household goods safely and securely. We can also coordinate storage of goods in climate controlled facilities all across the country. Whatever you need, just ask. We're available 24 hours a day, 7 days a week via our client service number to address every detail associated with your employee's move.

Domestically, Humboldt offers an assortment of relocation services. [See page 5 for more details.](#)

Van Lines

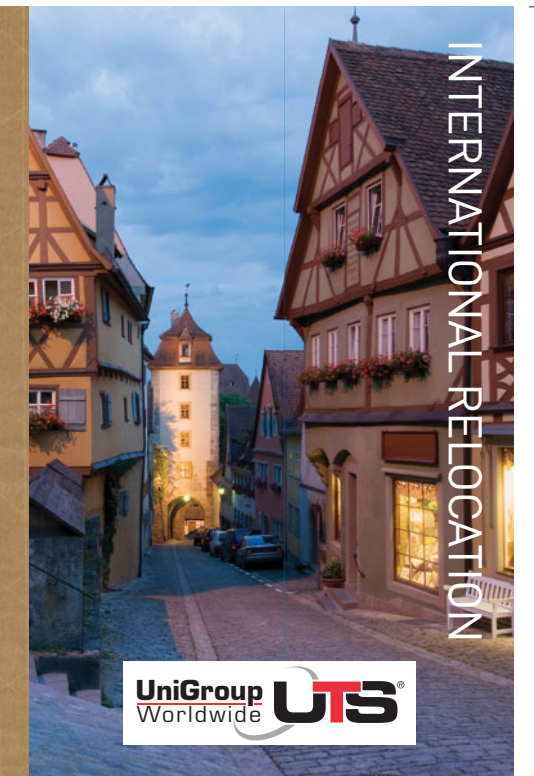

The easy street to anywhere in the world.

From customs planning to packing your employee's belongings so that they will withstand the rigors of international transport, Humboldt provides the complete solution for relocating anywhere in the world. A Global Move Specialist will work with you and your employee to identify your relocation needs and to manage every detail of the move ensuring a smooth stress-free transition. They will provide your employee with valuable information and address any and all concerns throughout their relocation.

Humboldt's international moving crews, all of whom are certified as Registered International Movers (RIM) by the American Moving and Storage Association, are specially trained and use only the highest-grade crating materials. We'll pack, label and secure boxes in shipping containers that are appropriate for the journey ahead. We also wrap all of your furnishings with special materials designed to protect against the elements associated with overseas transit. For items that are intricate in nature and of high value, we'll use our own custom made crates for added protection.

Depending on your budget, your specific needs and your timeline, we can arrange shipment by sea or air. And since we are part of the UniGroup Worldwide UTS network, you will have access to more than 1,500 partners across the globe ensuring quality service on both ends of your move. We also offer safe and secure storage for short or long-term needs.
