

## Your International Move Checklist

### Beginning with a personal visit to your residence to:

- Assess your needs and help you to understand what's involved
- Take a visual survey of what you'll need to move and / or store
- Provide a customized international relocation estimate in approximately 48 hours

### Setting the process in motion after you've accepted our proposal:

- Reviewing the details of your estimate—including special requests
- Planning for customs and country—specific rules and regulations
- Recommending the best insurance options for your specific move
- Booking the ideal modes of transportation for you and your belongings
- Planning for proper packing, wrapping, and crating

### Helping you to prepare for a streamlined and stress-free move:

- Confirming and securing exact dates and times
- Following up with you on customs, documents, moving requirements and specific needs at your destination
- Walking you through our Humboldt International Move Checklist

### Beginning with a complete walkthrough of the day's schedule, your assigned Humboldt crew will:

- Pack, wrap and take written inventory of all belonging's
- Label and place each box in the appropriate shipping container
- Disassemble simple furnishings: i.e. bed frames etc.
- Cover all furniture with special wrapping for overseas transit
- Pack high-value items in specially designed crates

### Your Humboldt International Move Specialist stays in continual contact for:

- Key checkpoint updates for shipment customs clearance and ETA
- Transporting items for storage to our secure 24/7/365 warehouse
- Arranging temporary housing, furniture rental, orientation tours, and/ or language training, if you're arriving well before your belongings
- Providing any other services you may need. Just ask!

### Collaborating with a trusted network of approved International Moving Partners to handle the last leg of your journey:

- Customs clearance
- Shipment pickup at the port
- Complete the delivery to your new residence
